- a. **DEVELOPMENT** - needs to be engineered as determined by the Inspections Group.
 - b. **UTILITIES** - the land owner is responsible for contacting the utility service providers prior to disconnection and/or relocation of power lines and other utilities.
4. The land owner will control drainage, dust or any other nuisance that would negatively affect the adjacent lands and land owners.
 5. The land owner shall prevent drainage, soil, debris, and deleterious materials from being spilled into the public roads, lanes, and must not place any soil, fill or construction materials on private or public property without first obtaining the written permission of the land owner or as applicable, the Summer Village of Island Lake.
 6. The Lands and improvements shall be maintained in a safe, clean, and tidy condition during all stages of construction, free from rubbish and debris. Receptacles for the purpose of disposing of rubbish and debris shall be provided on the Lands during the construction to prevent the scatter of debris and rubbish.
 7. The land owner assumes full responsibility for safety of the Lands and construction of the improvements. No person shall keep or permit to be kept in any part of a yard any excavation, storage or piling of materials required for construction unless all necessary safety measures are undertaken. Materials are only to be stored on the Lands as is reasonably necessary to complete a particular stage of construction.
 8. The land owner is responsible for any damage to private or public property caused by their suppliers, agents, and contractors.
 9. The Development must substantially comply with the plans, diagrams, and information submitted with the development permit application that includes, but is not limited to:
 - a. FRONT YARD SETBACK shall be a minimum of 8.0 metres (26.0 ft);
 - b. SIDE YARD SETBACK shall comply with the Alberta Building Code or a minimum of 1.5 metres (5.0 ft) whichever is greater;
 - c. MAXIMUM HEIGHT shall be 2 storeys or 9.7 metres which ever is less in relation to the elevation of the adjacent road.

17. The land owner is responsible to ensure the Development is consistent with the conditions of any easement, covenant, rights-of-way or other agreements registered on the title of the Lands.
18. The attached notice must be posted on the Lands, or the street abutting the Lands, for twenty-one consecutive (21) days after the development permit is received.
19. Any development proceeded by the land owner prior to the expiry of the appeal period is done solely at the risk of the land owner.
20. This approval is valid for one (1) year from the effective date shown below. If substantial work on the Development has not commenced within one (1) year, this development permit is deemed to be void, unless an extension is granted by the Development Officer.
